

Bashu Shrestha

Mr. Basu Shrestha came to the United States in the year 2002. He lives in Eules, Texas with his wife Ganga Shrestha, daughter Sakshi Shrestha and his son Sabal Shrestha. He joined the Blood Donors of America (BDA) in 2013. From 2013 to 2016, he was a BDA state coordinator for the state of Texas. In 2016, he was elected as the executive member at the 1st convention of BDA.

Mr. Shrestha is a regular blood donor and has donated whole blood 43 times so far. Not only him, but his wife and daughters donate blood too. Mr. Shrestha believes that the blood you donate gives someone another chance to live as there is no artificial replacement of the human blood. He has also worked as an executive in the Nepalese Society of Texas.

Mr. Shrestha was bit scared, when he donated blood first time in 1995 for his mother's surgery. In Texas, he has noticed the clear enhancement in the frequency of blood donation in recent days after the establishment of BDA. These days, every local organization organize blood drive during their social gathering, meeting etc. BDA spreads its message to "Donate Blood and Save Life" to every BDA members and families.
